Dedication

Every year the Senior Class shows its appreciation by dedicating the yearbook to a person who has helped make their years at B.C.S. more enjoyable. This year the Senior Class has chosen a very special lady, Mrs. Jordan. Everyone in senior high has been in to see her, whether it has been to get tickets for games, to sign up for spectator buses, to get late passes, or just to go in and talk. She has always helped to run activities smoothly throughout her twenty-three years that she has worked at Bolivar. Whenever a problem arises, it is taken to Mrs. Jordan and she takes care of it. Thank you Mrs. Jordan for being there when we needed you, but most of all, thank you for being a friend. This year's yearbook is proudly dedicated to you.

Looking back over the years, we, the Class of 1979 have many cherished memories made fonder by the feeling of unity in our class. We shared the pride of each class accomplishment, our successful plays and musicals, and our sensational senior athletes. We enjoyed the fun as well as endured the bad times. Over the years we grew together as friends and let our lives become entwined. We depended on each other through the years. We looked for help on that last problem, asked for notes we missed, or asked a friend to make excuses for us. We studied, square danced, went through the lunch line, partied, sweated out finals, laughed and cried together. Now we must face a new way of life without each other to depend on. May all the dreams of each senior of '79 come true.

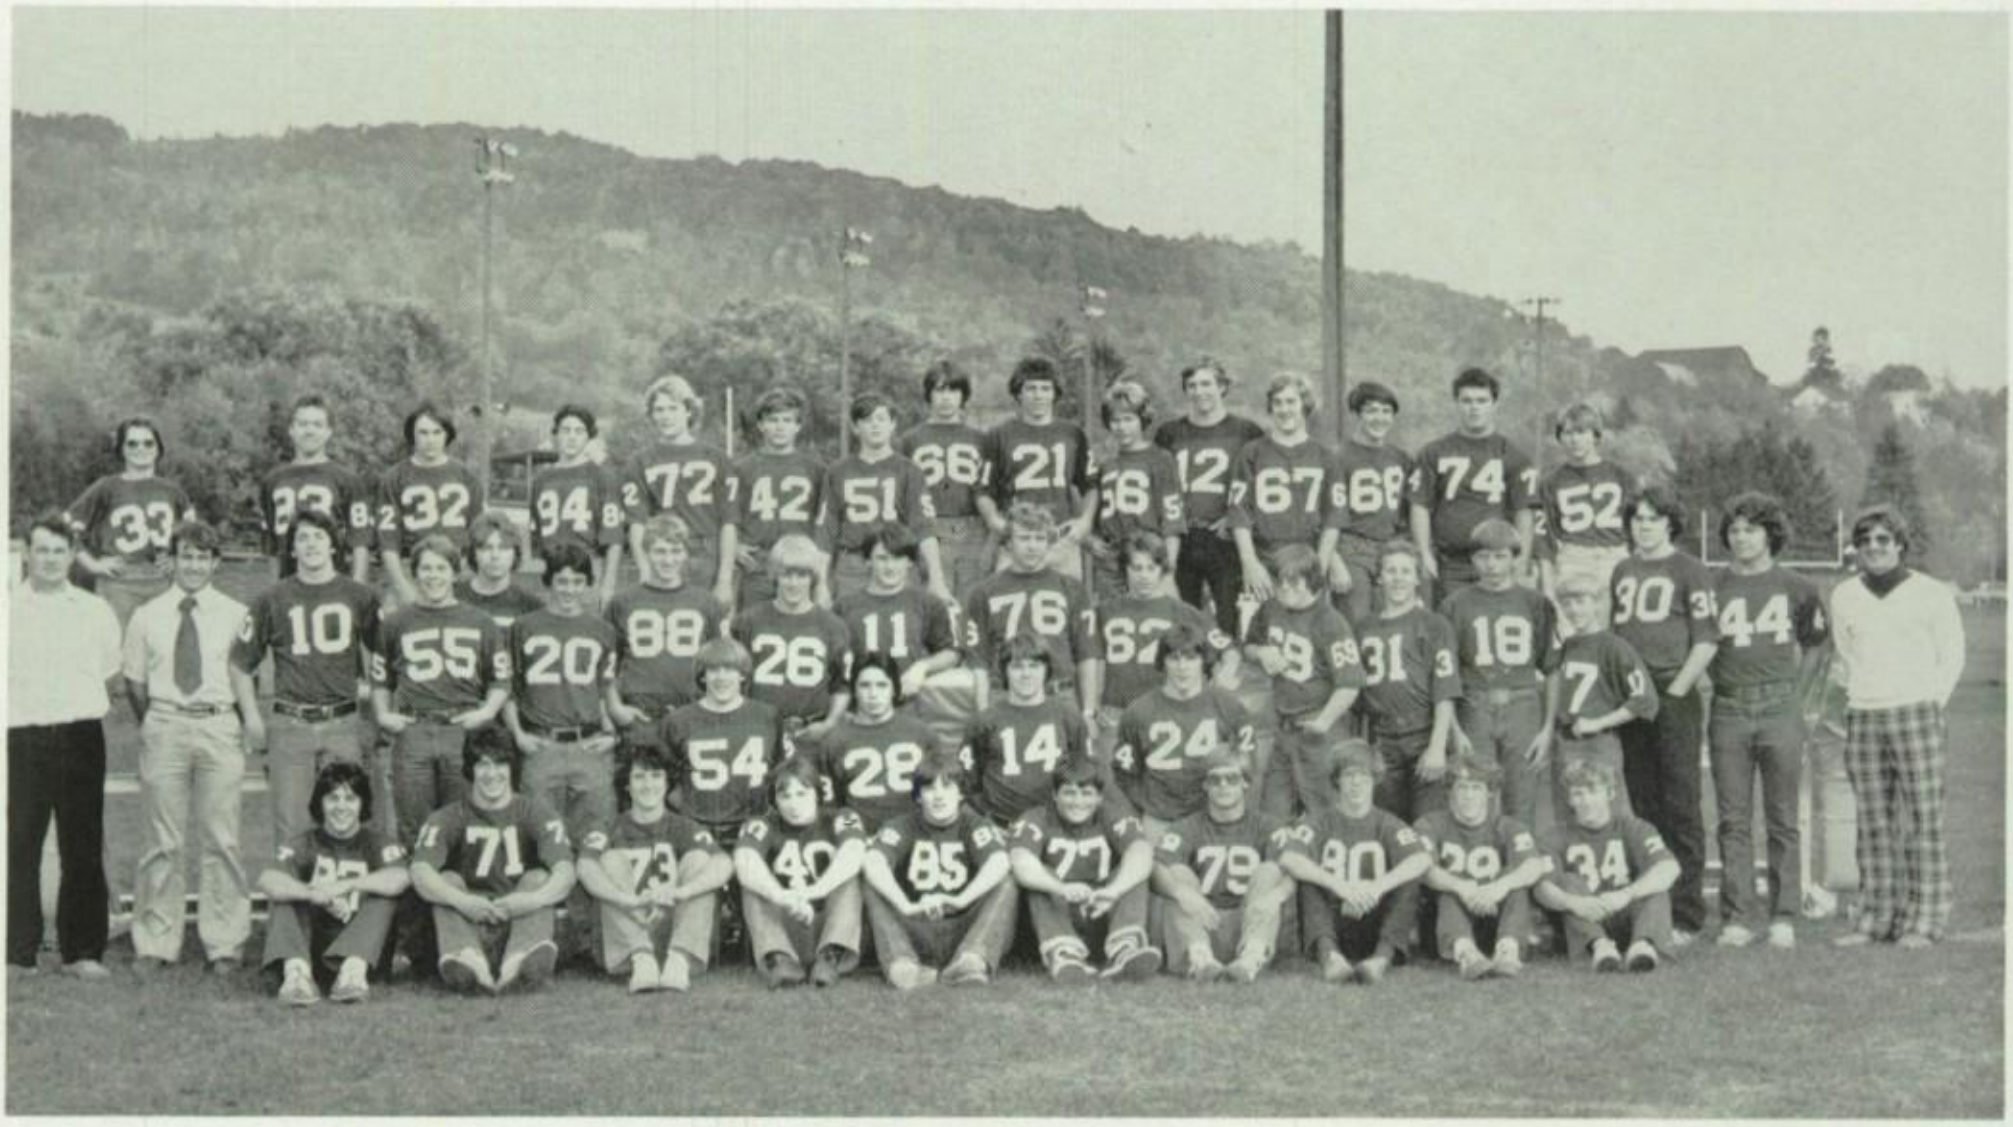
Football



The 1978 football season was another successful season for the Bulldogs, Coach Dunsmore, and his assistants. Although this year's football team did not reach all its goals, many were obtained. The team finished with a fine 6-2 record. The senior football players will always remember the great experiences football has instilled in their minds.

In spite of the long hours of practice, the nagging aches and pains, and the occasional reprimands, they will always remember Coach Dunsmores inspiration. But most of all they will remember their "MOMS", who had to do the laundry all year.

Renovation
At B.C.S.

The 1978-79 year was the beginning of the Renovation Program. The last time a major repair took place was 15 years ago. At that time the original boilers were replaced with modern gas fired boilers. In the early 1950's a new roof was placed over the original installation. Other than these two projects, our annual maintenance program has been sufficient to keep the school in good condition. The expense of the program is $1,270,000. Among the projects planned are replacing the gym floor and the bleachers, resurfacing the tennis courts, replacing auditorium curtains, lighting, and stage floor, and replacing the roof of the school. New electrical wiring and an alarm system also have been added to the school. With the renovation, the school now meets state regulations and requirements and should stay in good condition for many years to come.
